MEMORANDUM FOR THE CHAIRMAN, SECURITY COMMITTEE, U.S. INTELLIGENCE BOARD

Subj: Security Committee study on provocations and harassments

1. At the 25 September 1973 meeting of the committee, you asked the members to provide inputs for use in an updating of the 1967 study by the committee on "Provocations and Harassments Against U.S. Citizens in Soviet/Satellite Countries." A review of the files of the Naval Investigative Service disclosed no Navy originated information pertinent to your request. It is presumed that the Defense Intelligence Agency and the Department of State members of the committee will advise you of the information held by them on provocations and harassments against U.S. attaches or civilians. In that connection it is recalled here that there was a manhandling incident in the USSR in about November 1971 against Commander William Manthorpe, Jr., U.S. Navy, then the Assistant Naval Attache in Moscow.

A handwritten signature in cursive script, reading "Donald Paschal", is positioned above the typed name.
